

AUCKLAND FANZCA FINAL EXAM REFRESHER COURSE

18th June – 29th June 2012

Course Objectives

The aim of the course is to review the knowledge required to pass the Part II FANZCA examination and to assist candidates in their preparation for both oral and written examinations.

Course Format

The course runs full time over a two week period. Over 60 hours of tuition are provided. Registrants will participate in lectures, tutorials, case studies, ECG interpretation and x-ray assessments. A formal practice viva session is included. There will be sessions devoted specifically to exam preparation and exam technique.

Speakers are encouraged to present their topics in an interactive format based around case scenarios and previous examination questions. You will be encouraged to take an active part in the sessions and will be expected to participate in the discussions. Although the scope of the course is extensive, it is not possible within the given timeframe to review all the information required for the exam. Most of the registrants attending the course are about to sit the Part II FANZCA exam. As such, most of the information should be familiar to them. Some registrants prefer to attend the course well in advance of the exam. We recognise that this is a valid way of experiencing first hand both the standard that is required to pass the exam and the breadth of topics. Candidates will be divided into two smaller groups for most presentations to encourage greater interaction and participation. The groups will be mixed and will not be allocated on the basis of proximity to the exam.

The course will be held in the Clinical Education Centre at Auckland City Hospital.

Both morning tea and afternoon tea will be provided each day.

A course dinner will be held on Friday of the first week of the course.

Eligibility

The course is only open to registered College trainees and overseas trained specialists. The number of places available on the course is currently limited to 40. New Zealand Trainees have priority registration until the end of January 2012. All registration forms for overseas trainees must be received by Monday 13th February at 5.00pm (NZ time). If we have more registrations than places available a ballot will be conducted on Tuesday 14th February 2012. All trainees applying for these places will be notified of the outcome after the ballot.

Registration Fees

The full course fee is \$NZ 1,800.00. A deposit of \$NZ 300.00 will reserve a place and provided the balance of \$NZ 1,500.00 is received before May 2nd 2012 the place will be guaranteed. Late payment will not be accepted and you will not be admitted to the course if full payment has not been received.
